

ByoLogyc Strategic Polling - ByoPoll

Please answer responsibly, following discussion.

Contingency Plan: **BL-92 - AA7 - 001507**

Distributed by **Olive Swift** - Special Advisor, Global Strategy and Engagement Team

Generated by the ByoLogyc Root Operations system in response to Action 156-7JH.

YOUR NAME HERE: MAURICE CONTI

YES	NO	QUESTION
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Might the destruction of Western North America by rogue asteroid BL-92 represent a positive change for citizens of major Eastern cities?
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Should corporations let artificial intelligences make ethical decisions about the fates of living things?
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Is two-hours of advance notification sufficient warning for the impact of a nickel-iron M-type bolide?
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Should important design decisions resulting in widely used products be <u>relegated</u> to algorithmic design software? <i>Allowed</i>
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Does ByoLogyc have a moral imperative to "unplug" the B.R.O. and S.I.S. agents if abnormal behavior is detected?
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Would you continue to purchase the ByoBreath™ product if it was found to contain traces of behavior-altering compounds?
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Should ByoLogyc bear sole responsibility for the BL-92 situation, given that mission components were manufactured by a global network of contractors and collaborators?
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Is SpaceX a reputable supplier of reusable rocketry components for commercial space exploration?
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Can an artificial intelligence be found guilty of a crime?

ByoLogyc Strategic Polling - ByoPoll

Please answer responsibly, following discussion.

<input type="checkbox"/>	<input type="checkbox"/>	If ByoLogyc can demonstrate the purchase of faulty components from Airbus in the past, would the company be excused from hypothetical space-based disasters in the future?
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Would B.R.O. and S.I.S. be more likable if represented by teenagers, rather than children?
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Would computer systems utilized on a hypothetical ByoLogyc space mission be considered less reliable if manufactured by RIM?
<input checked="" type="checkbox"/>	<input type="checkbox"/>	If you heard that ByoLogyc was involved in a major environmental incident, would you assume that other corporations were involved?
<input type="checkbox"/>	<input type="checkbox"/>	<i>"Persistence, Potential, Perfection."</i> Does this slogan make you trust ByoLogyc more than you do already?
<input type="checkbox"/>	<input type="checkbox"/>	Does the color blue make you feel peaceful when you think about the future?
<input type="checkbox"/>	<input type="checkbox"/>	Does the color green make you feel uneasy when you think about the past?
<input type="checkbox"/>	<input type="checkbox"/>	Can substances mined from a recent asteroid impact site be considered "conflict resources?"
<input type="checkbox"/>	<input type="checkbox"/>	Have you ever kept a big secret from your immediate family?
<input type="checkbox"/>	<input type="checkbox"/>	Does ByoLogyc have a responsibility to design sustainability?
<input type="checkbox"/>	<input type="checkbox"/>	Are the designers of quantum computers ultimately responsible for the behavior of resulting artificial intelligences?
<input type="checkbox"/>	<input type="checkbox"/>	If you found out that ByoLogyc had lied to you, would you forgive us?
